

Laison STS Prepaid Water Meter

Product Overview

The Laison STS water meter consists of a water meter and a CIU (Customer Interface Unit). The Water Meter can communicate with CIU conveniently to receive remote meter recharge.

Product Specifications

Diameter

- DN15
 - 15mm

Temperature

- Working temperature 0.1 °C ~ 50 °C

Max. working pressure

- MPa - 1.6

Battery

- Battery Life for Smart Water Meter: > 3 years (Theoretically)
- Battery Life for CIU: > 6 years (Theoretically)

Pulse equivalent

- m3 - 0.1

Standard Compliance

- IEC62055-41,51

Communication Distance

- >100m (CIU & Meter);
-

**No reducers provided. Must be purchased separately
